A regular maintenance in order to increase the energy performance of the installation

CARLYCLEAN
DETERGENT - GREASE REMOVER
for condensers, evaporators, coils, fans and food surfaces in indirect contact
- Easily cleans and removes oils, greases, dusts … even incrusted
- Compatible with aluminium, copper, brass...
- Total eligibility to food contact after rinsing with drinkable water
- Concentrated. Can be diluted (see technical documentation)
- Biodegradable (>70%)
- Citrus fruits scent
- Packaging: 500 ml - 5 liters - 25 liters

CARLYNET
GREASE REMOVER for air exchangers and very fat surfaces (kitchens)
- Removes highly incrusted oils, fats and impurities
- Can be used on surfaces made of steel, copper, brass, aluminium...
- Fast drying
- Without chlorine or fluoride
- Citrus fruits scent
- Ready to use
- Packaging: aerosol 400 ml

CARLYCLEAN-F
FINISHING CLEANER all surfaces (plastics, metals...) and food surfaces in indirect contact
- Cleaning Foam. Eliminates greases, viscous deposits, dust...
- Validated for fortuitous contact with food (homologation InS n°1795799)
- Total eligibility to food contact after a rinsing with drinkable water
- Non-foaming
- Biodegradable (>95%)
- Green Tea perfume
- Ready to use
- Packaging: spray 400 ml

CARLYCLEAN-MC
CLEANER and DEGREASER for aluminium micro-channel exchangers
- Removes dust, pollen, grease and viscous deposits
- Neutral pH
- Preserves the natural protective layer of aluminium oxide from exchangers
- Non-foaming
- Biodegradable (>70%)
- Ready to use
- Packaging: 500 ml - 5 liters - 25 liters

POMPE 5000
MANUAL
SPRAY 5 LITERS
- Directional or conical jet spray
- Pressure 3 bar
- Brass piston rod, viton gaskets

ECO-RESPECT, our course of action!
CARLYBIO DISINFECTANT for evaporators, water bins, filters …

- Contains a very effective bactericide and fungicide, which destroys microorganisms (Salmonella, Listeria, Legionella Pneumophilia…), molds and fungi (Candida Albicans, Aspergillus Niger…) in 15 minutes of contact
- Stops the proliferation of bacteria
- Avoids the formation of bad odors
- Easily biodegradable
- Ready to use
- Lemon fragrance
- Complies with standards EN 1276, EN 13697, NFT 72.150, NFT 72.170, NFT 72.301, EN 1650, NFT 72.200
- Packaging: 500 ml - 5 litres - 25 litres

CARLYCLIM DISINFECTANT, DEODORANT for air-conditioning and heating systems, indoor units of A/C, ventilation ducts, filters …

- Destroys bad odors, does not mask them
- Very effective Bactericidal Disinfectant (EN1040) and Fungicide (EN1275)
- Prevents recontamination and reduces the risk of allergies
- Leaves a pleasant smell for several days
- Perfume with essential oils of tangerine
- One-Shot system (cars A/C, aeraulic networks…)
- Packaging: aerosol 150 ml - 400 ml

CARLYPRO: the 2 in 1 DETERGENT - DISINFECTANT for air condensers, evaporators and food surfaces in indirect contact

- Cleaner and bactericidal - fungicidal disinfectant
- Eliminates oil, fats, dusts...
- Removes bacteria (Pseudomonas, Staphylococcus, Legionella Pneumophilia…) and fungi (Candida Albicans, Aspergillus Niger…) after 15 min’ contact
- Total eligibility to food contact after rinsing with drinkable water
- Biodegradable (>90%)
- Mint fragrance
- Ready to use
- Complies with standards EN 1040, EN 13697, EN 1276, EN 1275
- Packaging: 500 ml - 5 liters - 25 liters

CARLYPRO-F FINISHING DETERGENT-DISINFECTANT for all surfaces (plastics, metals…), including food surfaces in indirect contact

- Cleaning and disinfecting foam, bactericidal (EN 1276) and fungicidal (EN 1275)
- Eliminates oil, fats, dusts...
- Removes bacteria (Pseudomonas, Staphylococcus…) and fungi (Candida Albicans, Aspergillus Niger) after 15 min’ contact
- Validated for fortuitous contact with food (homologation InS n°1796681)
- Biodegradable
- Without fragrance
- Ready to use
- Packaging: spray 400 ml
CARLYLOC
LEAK DETECTOR
• Specially designed for leaks of refrigerants and natural gas (CO2, Ammonia, Nitrogen ...)
• Fast leak detection forming bubbles
• Adheres to all surfaces
• Practical aerosol usable in all positions (360°)
• New formulation: can be used on cold surfaces up to -20°C
• Ready to use
• Packaging: 500 ml - 5 litres - 25 litres - aerosol 400 ml

CARLYCOAT
ANTI-CORROSION TREATMENT
to protect the heat exchanger fins
• Resistant at temperatures ranging from -50°C to 550°C
• Without chlorine
• Ready to use
• Fast drying
• Packaging: aerosol 400 ml

TESTOIL
ACIDITY TESTS FOR REFRIGERATING OILS
• Fast and reliable oil acidity measure, ready to use
• Compounds of biodegradable substances, non-toxic for user
• TESTOIL-MAS: acidity test for mineral, alkylbenzene oils with additive and polyvinylether oils (PVE)
• TESTOIL-POE: acidity test for polyol-ester oils with additive
• TESTOIL-MP: TESTOIL-MAS + TESTOIL-POE
• Packaging: bottles 30 ml

STOPACID
ACID NEUTRALIZER
• Ready to use
• STOPACID-MAS: acid neutralizer for mineral and alkylbenzene oils
• STOPACID-POE: acid neutralizer for polyol-ester oils
• Packaging: bottles 30 ml

DETECTOIL-POE
IDENTIFICATION TEST FOR POLYOL-ESTER OILS
• Fast detection (few seconds) of the oil type, POE or other
• Ready to use
• Packaging: bottle 30 ml

LEAK DETECTION
Reduces greenhouse gas emissions

LOW TEMPERATURE USE

ANTI-CORROSION
Increases the lifetime of fin coils

TESTOIL-3P-CO2
ACIDITY TEST FOR CO2 INSTALLATIONS
• Specially developed to measure the acidity of the oils used in installations operating with CO2 (POE, PAG, PAO...)
• Fast and reliable measurement
• Ready to use
• Compounds of biodegradable substances, non-toxic for user
• Packaging: bottle 30 ml

ECO-RESPECT, our course of action!

</table>
ECOLOGICAL
Products formulated with non-toxic compounds for human, biodegradables > 70%, recyclable packaging (aerosols, plastic spray-can, cardboards)

ECONOMICAL
Concentrated product, may be diluted
Possible refill by can of 5 liters and 25 liters

ECO-RESPONSIBLE
CARLY products are manufactured with control of energies, water consumptions, reprocessing of waste...
